### Basics of Construction Accounting

Wednesday, April 19 & Thursday, April 20, 2023  
Wednesday, April 26 & Thursday, April 27, 2023  
3-5 PM (ET), 12-2 PM (PT)

This course is designed for accounting professionals new to the construction industry, as well as construction industry professionals who want or need a better understanding of construction accounting processes, construction cost management systems, job costs and job cost reporting, the WIP, and the most important elements of a contractor's financial statements. This course introduces the key processes and practices that make construction accounting unique.
